Yellowstone Historic Preservation Board – December 15, 2015

Kevin Kooistra and Elisabeth DeGrenier

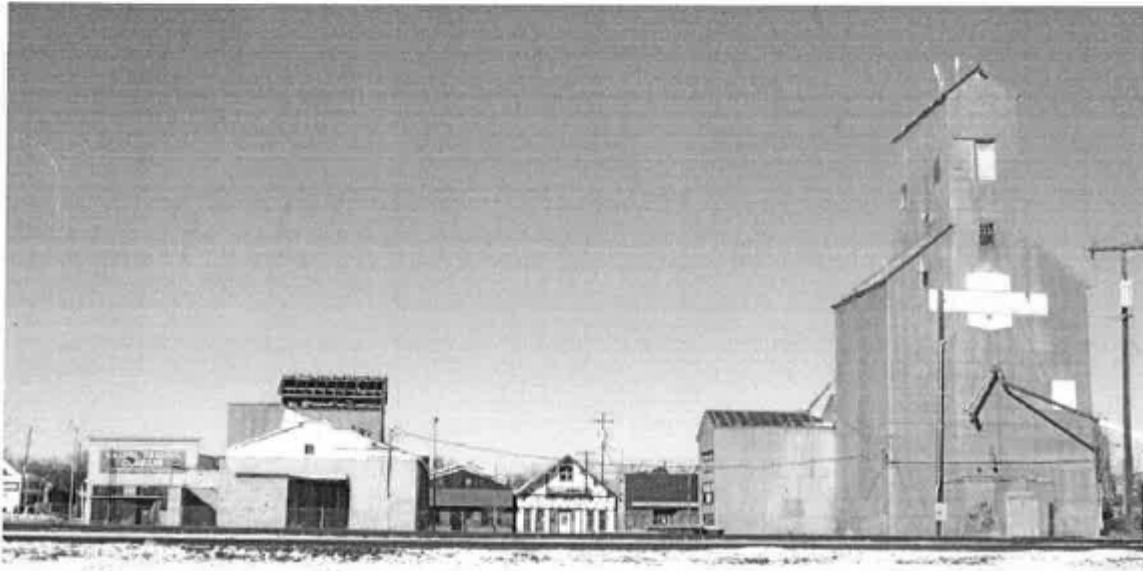

We have started to receive edits from Kate Hampton and John Boughton for the National Register Nomination for the McKinley School Neighborhood. They have completed most of the first half of the nomination and should be sending the second half in early 2016.

Based on conference calls between the Western Heritage Center staff and SHPO, we have decided to change the boundary lines of the nomination. The new boundary includes the 700 block between North 32nd Street and North 31st Street, increasing the total property number by 18. Elisabeth has created the new property forms and has started researching. Kevin will take photos of the properties including garages for the previously included homes. The goal is to complete the nomination by 2016.

Elisabeth went to the North Elevation task force meeting on November 17th in McKinley elementary. The residents produced their first newsletter and included two small articles about the Nomination. Many residents came to ask questions about the process and all remained enthusiastic about our progress.

Liz Harding arranged for the 2016 YHPB Roundtable to be held at the Yellowstone Art Museum in their Visible Vault. The tentative date for the 16th annual Yellowstone Historic Preservation Roundtable is **Tuesday, March 15, 2016 – 8:30am-10:00am**.

Elisabeth took photos of the grain elevator by downtown Laurel and the Laurel Trading Company building located across the street from the elevator. They are both slated for demolition. She is also going to take photos of the grain elevator in Billings, as well as do research and short write-ups for all three buildings.

Historic Preservation Officer Report – None due to lack of members.

The next meeting will be held on January 19, 2016 at 8:30 a.m.

Meeting adjourned.
