

Billings City Administrator Weekly Report

December 9, 2022

1. **Public Safety Mill Levy Communications** – Chief St John presented our progress to a packed downtown Rotary group on Monday at noon. Q2 interviewed me for a story they are working on to air in the upcoming weeks. Victoria is setting us up for a Channel 7 PSML conversation and also a few podcasts. Once completed we will share them with Council and the public through multiple media feeds.
2. **Budget & Finance Meeting** – The Budget and Finance Committee worked through a series of recommendations and brain storming ideas to reduce costs and shift priorities to keep the new Law & Justice Center/City Hall project moving forward. A clear set of recommendations will be presented to the full Council December 19th.
3. **Diversity Equity Inclusion** – A DEI panel discussion was held Wednesday at Rock 31. We (Rupsis, Purinton, Shaw, Stanton, Zoeller & Kukulski) will wrap up the program in January with one more class and panel discussion.
4. **Thorn Run** – Members of the City Hall Project Team met with Thorn Run to share ideas and review possible federal funds to help close our project budget gap. The most probable opportunities appear to be tax credit programs directly for government energy upgrades in wind, solar and geo-thermal. These opportunities don't fit this project but may be great opportunities for other city facilities.
5. **Next Week's Meeting/Task Forces**
 - a. Aviation and Transit Director Interviews
 - b. Leadership Billings Presentation, 8:30 am Wednesday, December 14th at Hampton Inn & Suites
 - c. CoC Annual Meeting, 11:00 am Wednesday, December 14th at UWYC Office, 2173 Overland Avenue
 - d. Council Legislative Committee, 4:00 pm Wednesday, December 14th in the City Hall Conference Room
 - e. Southside Task Force, 6:30 pm Thursday, December 15th at Hope Center, 425 S. 28th Street
 - f. Terry Park Task Force, 7:00 pm Thursday, December 15th at Topline Hair, 1331 Central
6. **From the PIO Desk:**
