

## Billings City Administrator Weekly Report

May 12, 2023

- 1. 2023 Historic Preservation Awards Ceremony** – the Mayor attended an award ceremony held on May 5, 2023, in Helena. The City of Billings' Parks, Recreation and Public Lands Department was awarded National Register of Historic Places Certificates for the Billings Communal Mausoleum and Pioneer Park. Congratulations!!
- 2. Neighborhood Planning Efforts Kickoff with CDBG Planning Grant Award to Yellowstone County for the Development and Completion of the West Billings Neighborhood Plan** – Yellowstone County, in partnership with the City of Billings, is excited to announce that it has been awarded a Community Development Block Grant (CDBG) Planning Grant by the Montana Department of Commerce. This grant, which totals \$50,000, will be used for the update of the West Billings Neighborhood Plan which was originally completed in 2001.

The West Billings Neighborhood Plan is a comprehensive strategy to address local challenges, including improving transportation, promoting economic development, and enhancing the overall quality of life for residents in the project area. West Billings is a broad area which includes a large land area mostly in the County. The study area for the West Billings Plan includes the land from the Yellowstone River north to the Rimrocks and the area mostly west of 32nd street west. It is comprised of approximately 22,860 acres and 35 square miles.

The West Billings Neighborhood Plan will help guide the growth and development of this growing area by addressing various factors such as land use, housing, and transportation in a time when development pressure is high. Furthermore, this plan update will consider investments made and resources allocated when creating goals that align with the city and county's long-term vision and needs.

A second phase of this project will include a transportation element funded by the Metropolitan Planning Organization (MPO) which will take into consideration the outcomes of the updated plan.

Because of this grant award, City/County Planning is able to locally fund, through its annual budget, a separate and second effort for the update of the Heights Neighborhood Plan which was last adopted in 2005. The scope of this plan will be similar to the effort mentioned above and also include a phase 2 that is transportation focused and funded by the MPO. This plan is another example of a joint neighborhood plan that impacts both the City and County. At this time, it's anticipated these two planning efforts would run somewhat concurrently with public kickoffs occurring in FY24.

Soon Planning staff will begin working on the Scope of Work for these projects and begin the RFP process. For more information about the CDBG Planning Grant and West Billings Neighborhood Plan or the Heights Neighborhood Plan update please contact Monica Plecker, Planning Division Manager at 406-247-8660 or [pleckerm@billingsmt.gov](mailto:pleckerm@billingsmt.gov).

3. **Burn the Point** – Mayor Cole and I, along with city staff and DBA met with Burn the Point leadership. We are working together to transition the event to the new parade route. All other parades shifted over a few years back. This is a challenge, but we are confident we can figure it out and help them grow the event even larger (last year they had over 540 classic cars participate). The new parade route eliminates closures on 27<sup>th</sup> and interruptions to the MET transfer station. Interruptions at the transfer station affect the MET system across the entire city. We are meeting again Monday to finalize a path forward.
4. **City of Billings End of Session Legislative Report** – Please see the attached End of Session Report from Crowley Fleck.
5. **Post Legislative Session** – Yesterday and today, the City of Billings hosted a post legislative meeting with the MLCT and city managers/administrators throughout MT. Montana City Managers from Whitefish, Kalispell, Missoula, Deer Lodge, Butte, Helena, Bozeman, and Glendive attended on Thursday, May 11<sup>th</sup> and Friday, May 12<sup>th</sup>. The session included an overview of the legislative Session regarding bills impacting local government and developing a strategy to improve effectiveness during future legislative sessions.
