

Billings City Administrator Weekly Report

April 21, 2025

1. **Legislature** – We continue working with our delegation to support property tax relief through SB90 and amendments to other property tax relief bills (HB 155, 231 & 542). At the moment, it looks like HB542 is the tool of choice. We are asking that Subsections 1-3 of Section 4 be removed to avoid litigation over the City's charter. We are also asking that the state backfill our reduction in revenue for up to four years allowing the city time to ask our citizens to amend our city charter.
2. **Budget & Finance Committee** – Andy presented the highlights of the overall FY26 budget (see enclosed overview). The budget is built on a revenue growth number of 4%. This is based on historical data. PD and FD also summarized their requests. The committee will be back reviewing the budget in more detail during their next meeting April 30.

*Correction from report of April 11: a majority of committee members voted to make several recommendations to the city council as follows:

- All votes were **5/0 except 3/2 on SMD** and storm water which was 4/1

3. **Park and Recreation News** – Attached are two articles: Parks, People and Passion and Explore Billings' Parks, Trails and Outdoor Spaces.
4. **2024 Council Meeting Schedule** – Please review the attached draft agendas and provide any feedback regarding the order of business, modification of agenda items, or other changes to the consent or regular agendas. City code requires a specific order of business as it relates to certain items on meeting agendas, e.g., placement of public hearings first on the regular agenda, so your feedback will be incorporated with those code requirements in mind. ([BMCC 2-214](#)) Work session agendas are more flexible and can also easily be modified by the mayor with the consensus of Council during those informal meetings.

5. **Next Week's Meetings/Task Forces**

- a. Heights Task Force, Tuesday, April 22nd 7:00 PM, Oasis Water Park, 943 Aronson.
- b. Budget and Finance Committee, Wednesday, April 23rd 9:00 AM, Rimrock Conference Room, 316 N. 26th Street, 5th Floor.
- c. Legislative and Local Affairs Committee, Wednesday, April 23rd 4:00 PM, Rimrock Conference Room, 316 N. 26th Street, 5th Floor.

Parks, People, & Passion - How Billings Parks & Recreation Builds Community

March 2025

Article by Tory Kolkhorst | Photos by Seth Croft

Billings Parks and Recreation offers our community more than playgrounds and picnic tables; they're the pulse of civic engagement, providing Billings natives with spaces and programs to come together in the spirit of wellness. While we may not live in Pawnee, Indiana, under the enthusiastic charge of the infamous Leslie Knope, Billings Parks and Recreation has its own brand of passionate leadership, starting with Kory Thomson, Recreation Superintendent, who has been a mainstay in this program for nearly 33 years. Simply Local had the opportunity to sit down with Kory to learn how he and his team keep up with approximately 2,580 acres of parkland and more than 270 recreation programs. Clearly, his team boasts a unique blend of dedication, creativity, and passion for recreating, allowing them to ensure Billings remains a vibrant place for residents and visitors alike.

photo courtesy of Billings Parks & Recreation

Get to Know the Superintendent

Sports and recreation have always been key to Kory and his family's lifestyle. Kory played baseball through college, officiated high school football for twenty years, and fostered the same love for athletics in his children. His son played collegiate baseball and is now gearing up to be the head coach for the inaugural baseball season at West High School. His daughter excelled as a collegiate volleyball player.

Kory began his career with Billings Parks and Recreation in 1992, initially as the Recreation Supervisor, before transitioning to his current role as the Recreation Superintendent in 2013. When asked to describe his role, Kory shared, "My job is two-fold. A big part of what I do is work to hopefully provide our recreation specialists with the resources they need to be successful, as well as ensure the activities and programs we offer the community are successful. We also look to provide new opportunities for folks in whatever they may be interested in."

“WHAT WE DO HAS A POSITIVE IMPACT ON KIDS AND ADULTS OF ALL AGES – WHETHER THAT’S TEACHING KIDS LESSONS ABOUT TEAMWORK AND HELPING THEM BUILD THEIR SELF-ESTEEM, PROVIDING ADULTS WITH AN OUTLET TO PLAY BASKETBALL IN THE WINTER TIME, OR GIVING SENIOR CITIZENS SAFE PLACES TO GET HEALTHY AND STRONG. I LOVE WORKING WITH OUR STAFF AND SEEING THEM BE SUCCESSFUL, BUT I ALSO REALLY APPRECIATE HOW WHAT WE DO HAS A POSITIVE IMPACT ON PEOPLE OF ALL AGES.”

- Kory Thomson

photo by Seth Kroft

Small Year-Round Crew, Big Impact

Just as Leslie Knope and her small but passionate team prove to everyone that it only takes a few dedicated individuals to make a lasting difference in their community, the same rings true at Billings Parks and Rec. At the helm of everyday operations is a small but mighty team that keeps things running year-round. “No day is the same. We have to be jacks- of-all-trades,” Kory shared when asked about day-to-day tasks. “We have six full-time positions total, but we end up needing to hire around 200 seasonal positions from lifeguards to camp counselors, concession stand workers, coaches, officials, instructors, and so on. There is not necessarily a line of people trying to sign up for these spots, so we really need folks to apply. Filling these spots is how we’re able to offer all of our programs,” he added. These jobs are ideal for high school and college students looking for an upbeat work environment with flexible hours that can be arranged to fit their schedules. From gaining experience in customer service, team building, leadership, and beyond, these seasonal roles are ideal for resume building and prove to be a great way to contribute to the Billings community and have fun in the process. If you or someone you know is interested in applying, you can visit the City of Billings website to learn more.

Challenges and Triumphs

In Billings, you may not find Pawnee’s infamous waffles or quirky town hall meetings, but you will find the same can-do attitude and drive to improve the community, one park and program at a time. Running Billings Parks and Rec with limited full-time staff members and tight resources is no small feat, but Kory and his crew continue to bring passion and ingenuity to every venture. “Creativity is a key component to what we do, to begin with,” says Kory. “We have to find a way to provide programs that people are interested in, and we have to find the best ways to market those programs because social media isn’t as effective as it used to be.” Parks and Rec faces a significant challenge in ensuring that community members are aware of and sign up for their fantastic programs, as participation is crucial to making these programs impactful.

To address this, they are focusing on finding efficient and cost-effective ways to connect their services with the community. “We are in the process of developing a new mobile app, which should go live March 15th – just in time for the April 1st registration date for summer programs. We are hoping this will streamline things and better connect us with the community,” explains Kory.

Looking to the Future

As we look ahead at what’s next for Billings Parks and Recreation, folks from near and far can look forward to the new Amend Park Recreation Campus, set to open in 2026. These grounds will be a game-changer for expanding programs and opportunities for Billings residents and visitors, from a sports court facility with four full-size basketball courts, a soccer field, and a state-of-the-art ice arena made possible by a

generous donation from Signal Peak Energy. This project will catalyze sports tourism throughout the Yellowstone Valley and would certainly be a dream that Leslie Knope herself would rally behind.

With big plans for growth and excitement on the horizon, the team at Billings Parks and Rec remains committed to fostering opportunities for small, everyday moments that become lasting memories. Just ask Kory, who met his wife, Rhonda, at Rose Park Pool back in the day when he was the pool manager and she was a lifeguard. Stories like this remind us why our parks and programs are so important - they provide spaces and opportunities for people of all ages to gather and build connections that could last a lifetime. In the spirit of the hit show *Parks and Recreation*, Billings Parks and Rec reminds us that behind every program, park, and picnic table is a team of dedicated public servants committed to fostering a vibrant community.

EXPLORE Billings' Parks, Trails, & Outdoor Spaces

March 2025

article by Anna Rogers | photos by Seth Kroft, Jaime Blotske, and Billings Parks & Recreation

There is something for everyone to do through Billings Parks and Recreation, and there are places for everyone to go and enjoy. Get to know Billings' parks, trails, and facilities to see how you can “treat yo’self” to some fitness, fun, and community this year.

If you’ve thought Parks and Rec is just a few neighborhood playgrounds for kids to run amok, you’re missing out on some fantastic features. From pickleball to picnicking, swimming to skateboarding, fruit picking to family barbecues, Billings Parks and Rec has a space to bring your hobbies, activities, and events to life.

ACCESSIBLE, SAFE, AND QUALITY SPACES

The Billings Parks and Rec mission is “to provide accessible, safe, and quality parks, facilities, open spaces and recreational opportunities for all.” The fulfillment of this mission comes in many forms – parkland, playgrounds, athletic facilities, trails, pools, and more.

“The Department of Parks, Recreation and Public Lands (PRPL) manages the City’s Parks and Recreation System. Residents and visitors are offered approximately 2,580 acres (approximately 4 square miles) of parkland that includes: 171 Park Areas, 40 playgrounds, 26 restrooms, 29 basketball courts, 19 tennis courts, 29 park shelters, 66 horseshoe pits, over 100 athletic fields (soccer, baseball and softball), six neighborhood centers, 30 miles of paved multi-use trails, three cemeteries in two locations, two outdoor pools, two wading pools, four spray parks, one dog park, batting cage facility, Par 3 golf course (operated by the Exchange City Golf Corporation), and a minor league baseball stadium.”

It's hard to imagine all the spaces and places Billings residents (and their pups!) have available to enjoy fresh air and physical activity every season. These spaces are managed with intention and are meant to be accessible to everyone, with features like toddler splash pads, ADA-accessible trails, specialized courts and fields, and an indoor Community & Senior Center.

DEVELOPED PARKLAND

Billings has 1,100 acres of developed parkland - like Pioneer Park, Castle Rock Park, South Park, Stewart Park, and Amend Park. Developed parks feature shade structures, picnic areas, spray grounds, playgrounds, athletic fields, and irrigated turf grass. Bring the whole family and enjoy a beautiful Billings day!

NATURAL LAND PARKS

There are another 1,100 acres of natural land parks in Billings, such as Phipps Park, Riverfront Park, and Swords Park. Trails, lakes, rivers, and wildlife are a few features that can be enjoyed in these natural land areas. Take a hike at Phipps, stroll around the ponds at Riverfront, or sit and look out over the city and to the mountains at Swords.

TRAILS

Trails are an integral part of life in Billings for many residents, offering opportunities for biking, walking, running, hiking, and commuting. Approximately 40 miles of multi-use trails are constructed from concrete or asphalt. These trails can be plowed throughout the winter for Safe Routes to School and year-round outdoor activity. The newest trail addition is the Skyline Trail along Swords Park, which added 3 miles of new trail!

COURTS & FIELDS

If playing sports is your thing, Billings Parks and Rec has you covered, offering plenty of ball fields to enjoy “America’s Pastime,” disc golf courses, athletics fields, courts for tennis, pickleball, basketball, and sand volleyball, and a skate park. Some local spots, like multi-use Amend Park, are utilized for YSA soccer, the annual Big Sky Balloon Rally, or simply flying kites with friends!

WATER-RELATED FUN

Billings’ water-related parks and facilities are swimming with activity in the summer months. Rose and South Park Pools average nearly 50,000 visits per summer during June, July, and August. Rose Park Pool includes three waterslides and a zero-entry kiddie pool with new, interactive spray features set to debut in 2025. Throughout our park system, five spray grounds, also called splash pads, provide water fun for younger children at Terry, Castle Rock, South, Highland, and North Parks. Add these fun-filled spots to your summer bucket list!

COMMUNITY GARDEN

Last but certainly not least, Billings Parks and Rec also offers Amend Park Community Garden, which provides an excellent opportunity for families to grow their own fresh produce throughout the spring, summer, and fall. This is the first city- owned community garden in Billings and the first of its kind in the city’s Southwest Corridor. The garden provides space, resources, and education to foster community and food security.

KEEPING IT FRESH

In addition to maintaining the wide variety of parks, trails, and facilities that Billings offers residents, Billings Parks and Recreation continually works to improve existing spaces and create new ones.

PARK UPDATES

New post-tension concrete tennis courts recently replaced Pioneer Park’s old crumbling asphalt courts. Poly Vista Park received a new asphalt parking lot, an automated irrigation system, and Landon’s Legacy Miracle Field (our community’s first special needs baseball field). The construction of an all-inclusive, accessible playground adjacent to Landon’s Legacy Miracle Field is underway. A new parking lot at Castle Rock Park was completed, and a re-model of the restrooms is ongoing. Gorham Park was updated to a fully automatic irrigation system this past year, and Grandview Park is under construction for the same.

TRAIL UPDATES

New trail development at Lillis Park, Riverfront Park, and Rimrock West will enhance connectivity between parks and adjacent communities. Improvements to new and existing trails managed by Billings Parks and Rec will provide ADA accessibility and an easier surface to maintain for snow removal.

VOLUNTEERS

Billings Parks and Rec wouldn't be what it is without the help and dedication of volunteer groups that pour into these spaces every year. Volunteer groups can Adopt- a-Park/Trail or contact the Recreation Superintendent about yearly projects and opportunities. There are events throughout the year that highlight keeping parks and trails fresh, like Refresh the Rims and the spring Arbor Day event. The Parks staff will empower and assist to bring these volunteer efforts to life, so reach out to see how you can get involved!

THANK YOU TO THE AMAZING BILLINGS PARKS AND RECREATION STAFF, WHO

BROUGHT THIS ARTICLE TO LIFE

AND WHOSE EFFORTS SUPPORT OUR COMMUNITY THROUGHOUT THE YEAR!

Kory Johnson, Recreation Superintendent Cole McQuillan, Parks Superintendent Jake Milliron, Community Outreach

& Engagement Coordinator
