

## Billings City Administrator Weekly Report

June 13, 2025

1. **BMVP VISTA Alum Christian Soto Received Service Award** - Christian Soto served with the Billings Metro VISTA Project (BMVP) from July 2017 to July 2018. The goal of his *Veterans Holistic Health Services* project was to increase access to healthcare / crisis services and to promote cost savings through the coordination of discounted goods and services. During his service term, Christian worked closely with veteran organizations on a Military Child Care Assistance Program, a Veterans Success Symposium, and the Trauma in Montana Symposium. However, his service in Billings was JUST THE BEGINNING. Not only did he serve two more VISTA terms, one in Boston, Massachusetts, and another in Buffalo, New York, he earned his law degree and is now an Excelsior Fellow with the New York State Department of Health's Division of Legal Affairs. And, his volunteering spirit continues to this day. Here's a link to his award announcement [https://www.serviceyearalliance.org/christian\\_soto\\_awardee](https://www.serviceyearalliance.org/christian_soto_awardee)
2. **Planning News** - The Billings MPO is developing a feasibility study for proposed improvements to the 21<sup>st</sup> Street Underpass. The 21st Street underpass is one of two grade-separated railroad under crossings that link downtown Billings to the industrial and residential areas south of the railroad (13th Street being the only other grade-separated crossing). Additionally, there are grade-separated under and over crossings at 6th Street and Montana Avenue in central Billings. The 21st Street crossing is unique because it is the only grade-separated crossing that serves the central downtown area — making it one of the critical railroad crossings in Billings. However, there are significant limitations to the current use of the 21st Street underpass including:
  - Lack of vertical clearance for large vehicles (current clearance is 8 ft.)
  - Narrow lanes without shoulders.
  - Lack of bicycle lanes or other options for bicycles.
  - Narrow, dark, debris prone sidewalks for pedestrians.
  - Periodic roadway drainage problems.
  - Steep existing roadway grades on both approaches to the underpass.

As part of this effort, the MPO is requesting input through an online survey. Information on the project and the survey can be found here: <https://bit.ly/21stStUnderpass>

3. **USDA Forest Service Letter** - Attached please find the letter to the USDA Forest Service regarding the request for ADR and appeal of termination of Grant Number 24-DG-11010013-002.

6. **2025 Council Meeting Schedule** – Please review the attached draft agendas and provide any feedback regarding the order of business, modification of agenda items, or other changes to the consent or regular agendas. City code requires a specific order of business as it relates to certain items on meeting agendas, e.g., placement of public hearings first on the regular agenda, so your feedback will be incorporated with those code requirements in mind. ([BMCC 2-214](#)) Work session agendas are more flexible and can also easily be modified by the mayor with the consensus of Council during those informal meetings.

Re: Request for ADR and appeal of termination of Grant Number 24-DG-11010013-002

Title: Billings Urban Forestry Grant

Dear Mr. Crockett:

I am writing to appeal termination of this grant and request Alternate Dispute Resolution procedures in accordance with the attached termination letter dated April 22, 2025 from Daniel McBride, Director, Private & Tribal Forestry, Regions 1 & 4.

The Department of Interior awarded this grant to Montana's largest city in February 2024. The grant would make it possible for the City of Billings to plant hundreds of boulevard trees in several targeted areas of the city, in particular the East Billings Urban Renewal District (EBURD), a mixed industrial/commercial/residential area in the center of our city that is an asphalt-desert with only 6% canopy cover.

In reliance on the grant award, Billings already publicized the grant to the public, hired additional staff, and began the grant implementation process. Termination of the grant without just cause will unfairly deep-six an absolutely awesome project that, if allowed to proceed, will transform the core of our city and attract millions of dollars of private investment.

The April 22, 2025 letter did not describe any basis for terminating the Billings Urban Forestry Grant except to wrongly say that the grant provides funding for programs "that promote or take part in DEI initiatives or other initiatives that unlawfully discriminate on the basis of race, color, religion, sex, national origin, or another protected characteristic; that violate either the letter or purpose of Federal civil rights laws; that conflict with the Department's policies and priorities; that are not free from fraud, abuse, or duplication."

Nope. Not even close. Planting hundreds of much-needed boulevard trees in the center of our city is not discriminatory; does not violate Federal civil rights laws; does not conflict with Department policies (unless the Department opposes trees); or involve fraud or abuse. Having already awarded the grant to Billings, the Department cannot suddenly terminate it based only on a shotgun blast of empty allegations. Providing a canned laundry list of possible grounds that might apply is no justification. Instead, it only highlights the arbitrary, capricious, and legally-fraught nature of the termination decision.

The April 22, 2025 termination letter says that the first step in the appeal process is for the parties to pursue Alternative Dispute Resolution procedures that may include conciliation, facilitation, mediation, and fact finding. The purpose of this letter is to ask that the Department restore the subject grant award to the City of Billings, or, failing that, request commencement of the ADR process so the Department will have an opportunity (and obligation) to describe the factual basis for its termination decision and the City of Billings will have a chance to rebut the Department's conclusion.

Please respond by either confirming the grant has been restored or providing further information about how the parties can best pursue the ADR process. Although I would appreciate being cc'd on any future correspondence, your primary point of contact with the City of Billings should be the director of the Billings Parks, Recreation, and Public Lands Department, Gavin Woltjer ([woltjerg@billingsmt.gov](mailto:woltjerg@billingsmt.gov), 406-657-8373).

Very truly yours,

William A. Cole, Mayor

Re: Grant Number 24-DG-11010013-002

Title: Inflation Reduction Act Urban and Community Forestry Billings Urban Forestry Grant for Disadvantaged Areas

Dear City of Billings,

This letter provides notice that the United States Department of Agriculture is terminating your federal award, 24-DG-11010013-002 Inflation Reduction Act Urban and Community Forestry Billings Urban Forestry Grant for Disadvantaged Areas, in accordance with the terms and conditions of your award, which include applicable regulations relating to termination. *See* 2 C.F.R. §§ 200.340-343.

It is a priority of the Department of Agriculture to eliminate discrimination in all forms throughout the United States. The Secretary of Agriculture has determined, per the Department's obligations to the Constitution and laws of the United States, that priority includes ensuring that the Department's awards do not support programs or organizations that promote or take part in diversity, equity, and inclusion ("DEI") initiatives or any other initiatives that discriminate on the basis of race, color, religion, sex, national origin, or another protected characteristic. Such DEI policies and practices can violate both the letter and purpose of Federal civil rights laws and conflict with the Department's policy of maximizing and promoting American agriculture, ensuring a safe, nutritious and secure food supply, enhancing rural prosperity, and protecting our National Forests. In addition to complying with the letter and spirit of the civil rights laws, it is vital that the Department assess whether all awards are free from fraud, abuse, and duplication, as well as to assess whether current awards are in the best interests of the United States.

Termination. The award specified above provides funding for programs that promote or take part in DEI initiatives or other initiatives that unlawfully discriminate on the basis of race, color, religion, sex, national origin, or another protected characteristic; that violate either the letter or purpose of Federal civil rights laws; that conflict with the Department's policies and priorities; that are not free from fraud, abuse, or duplication; or that otherwise fail to serve the best interests of the United States. The award is therefore inconsistent with, and no longer effectuates, Department priorities. *See* 2 C.F.R. § 200.340(a)(4). Pursuant to, among other authorities, 2 C.F.R. §§ 200.339-343, which are applicable to your award, the Department hereby terminates award No. 24-DG-11010013-002 in its entirety effective April 22, 2025.

Closure. You must submit all final reports and a final payment request no later than 120 calendar days after the date of this notice. You will be reimbursed for costs incurred up to the date of this notice that are determined to be consistent with 2 C.F.R. § 200.343, *Effects of suspension or termination*. Any open balance remaining 120 days after the date of this notice will be unavailable for payment.

If you do not submit all reports in accordance with the terms and conditions of the Federal award within one (1) year of the effective termination date, Forest Service must proceed to close out the award with the information available. In these circumstances, in accordance with 2 C.F.R. § 200.344, Forest Service must report your material failure to comply with the terms and conditions of the award in SAM.gov using the Contractor Performance Assessment Reporting System (CPARS). In this way, failure to submit timely and accurate final reports may affect your future funding.

Recipients are required by Federal regulation to retain all Federal award records consistent with 2 C.F.R. § 200.334. *Including the following payments made to the recipient, \$24,327.99.* Termination of the agreement does not affect a Federal agency's or a pass-through entity's right to disallow costs and recover funds based on a later audit or other review. In addition, termination does not affect a recipient's obligation to return any funds due as a result of later refunds, corrections, or other transactions, including final indirect cost rate adjustments (refer to 2 C.F.R. § 200.345).

Appeal Process. In the event of any issue of controversy under this agreement, the parties may pursue Alternate Dispute Resolution (ADR) procedures to voluntarily resolve those issues. These procedures may include, but are not limited to conciliation, facilitation, mediation, and fact finding.

Should the parties be unable to resolve the issue of controversy through ADR, then the Signatory Official will make the decision. A written copy of the decision will be provided to the Cooperator.

Decisions of the Signatory Official shall be final unless, within 30 days of receipt of the decision of the Signatory Official, the Cooperator appeals the decision to the Forest Service's Deputy Chief, State, Private, and Tribal Forestry (SPTF). Any appeal made under this provision shall be in writing and addressed to the Deputy Chief, SPTF, USDA, Forest Service, Washington, DC 20024. A copy of the appeal shall be concurrently furnished to the Signatory Official.

A decision under this provision by the Deputy Chief, SPTF, is final. The final decision by the Deputy Chief, SPTF, does not preclude the Cooperator from pursuing remedies available under the law.

If you have questions, contact your Forest Service Program Contact at Jacob Biar email: [jacob.biar@usda.gov](mailto:jacob.biar@usda.gov) and Sarah Fusselman [sarah.fusselman@usda.gov](mailto:sarah.fusselman@usda.gov).

Sincerely,

*/s/Daniel McBride*
