88% of participants were extremely satisfied with their overall experience

78% of participants were extremely satisfied with the Staff

All 9 responses said they would be interested in participating in Rec2U if it was offered during the school year

### General Activity Feedback Survey (Includes a variety of camps such as sports camps, all-day camps, adult sports, youth tennis, and specialty camps)

79% of participants were extremely satisfied with their overall experience

83% of participants were extremely satisfied with the knowledge and professionalism of the instructors/coaches/counselors/coordinates

83% of participants were extremely satisfied with how well the program was organized

77% felt the value of the program was worth the cost

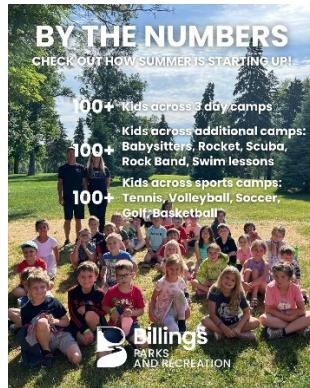

83% said they would be likely to participate in the same program in the future

### Here are a few bits of additional feedback we received!

*"My family loves the programs parks & rec puts together for the kids. It gives them a chance to learn a sport and not have to be scared of competition on their first experience."*

*"It was a fantastic program, thank you! Just as described, it included soccer skills and fundamentals in a fun environment. My son really enjoyed it. It was a great length of time each day - 1 hr 15 minutes. That amount of time is appropriate for kids in the hot sun and attention spans and physical stamina. And, it gives grownups just enough time to stick around and enjoy or run some quick errands or go home and come back. We like that the programs are Monday - Thursday (not Friday). The instructors were knowledgeable in educational best practices (clap once if you can hear me, calling on variety of kids, redirecting misbehavior, etc.) and they were super fun, too! Thanks again for a great camp."*

*"First time my son has done a camp like this and he loved it! He enjoyed the outings and made some new friends. Counselors were also helpful when he wasn't feeling well and contacted me at the appropriate time."*
