Dear Yellowstone County Commissioners,

You decided to end 2025 by voting to put a jail expansion on the 2026 ballot. From the reporting, it seems this is a very well worked through proposal:

“The proposed expansion would more than double the current jail capacity by adding 512 beds, with options in the future. The cost is estimated at \$227 million for more jail space. The proposal would also include an additional \$15 million levy for operations.... though exact costs for homeowners are still being determined.”

If public safety is truly your main concern, I’m wondering if you have considered prevention, and if you have thoroughly analyzed the reasons many “beds” are continuously full at our jail? Our jail is a revolving door for many of the same individuals there, and for very minor crimes (ie. public intoxication, pulling trash out of the trash can, etc. These are actual crimes people are being arrested for and held for and tried for and convicted for, over and over and over. What a waste of our money!!!)

If we don’t start working on prevention, there will never be enough beds in our jail. Billings is only growing. And our problems are only getting worse - unhoused people aren’t getting less unhoused, mental health problems aren’t getting better, addiction is not going away, and gangs are still recruiting.

If you got your team and resources together to focus on even just one of the above issues, I would bet my own life that those 512 beds would not only not be needed, but it would instead be 512 more citizens contributing to and bettering our community.

I as a homeowner do NOT vote for my hard earned money to go towards more incarceration which does NOTHING to prevent crime from happening in the first place.

Subject: [EXTERNAL] Public Safety Concern: Medical and Privacy Breach at YCDF
Date: Saturday, January 3, 2026 1:07:18 AM

Dear Mayor Cole and Members of the City Council,

I am a resident of Billings and was recently released from the Yellowstone County Detention Facility (YCDF). I am writing to inform you of a serious incident that raises concerns about the safety and management of the facility that the City of Billings utilizes for detaining local citizens.

Upon my release on January 2nd, I was handed another inmate's prescription medications and private medical records by mistake. Furthermore, during my stay, I was denied access to my own diagnosed mental health medications.

I have already reported this to the County Commissioners and federal authorities. However, as the City Council oversees the budget and contracts that utilize this facility, I believe it is critical for you to know that the current medical and property protocols at the jail are failing. This negligence creates a significant liability for the community and endangers the privacy of Billings residents.

I ask that the City Council look into the safety standards of the facility's medical provider to ensure that these types of dangerous errors do not continue.

Sincerely,

Keith leon dodds jr

Not to nitpick, but the disclaimer at the top is pretty dated.
