Mayor, council:

Finally, only a few days left before Cole, Rupsis, Boyette, Tidswell & Rogers are no longer part of the Billings city council. The only thing that would have been better than this is if Shaw was gone as well! And although, Owen had some potential, she still chose to go along with the gang.

The question remains --- will the newly elected members take their oaths of office seriously or will they just fall in line and it be business as usual ---- which means no obligation and duty to SERVE all residents equitably rather than allow favoritism & personal associations control behavior and no courage or character to require integrity, accountability and transparency from city employees as well as themselves.

No matter how many you can fool about how honorable you have been during your tenure you haven't fooled everyone.
