Subject: [EXTERNAL] off roading in city limits
Date: Thursday, January 15, 2026 3:05:36 PM

Good Afternoon,

I am curious about a topic. I live in near Skyview High and there is a piece of property about 6 acres that currently is vacant. My understanding is much of it is owned by the school district which makes it public. In the few years I have lived here the volume of ATV, Motorcycle activity and such has increased dramatically. This increases the noise, the dust and dirt in the air and the destruction of the habitat.

I have seen underaged minors driving on city streets to gain access to this spot. One day there will be a fatality.

Should off-roading activity be allowed in city limits? There were no trespassing signs that were promptly removed by the riders. It really is quite destructive to the plant life.

Thank you for your time,

Michele Faucher
Citizen, taxpayer

Subject: [EXTERNAL] Support for ICE
Date: Thursday, January 15, 2026 12:25:11 PM

Hello. I've heard you are getting a lot of info from anti-ice people. What they are doing is pure insanity!

We need ICE to get rid of illegals who are in our country. Many of these illegal aliens are here to cause chaos, are criminals and rapists, are bringing drugs in, are sex teafficking kids, are laundering our tax payers money, are on our welfare, are getting things for free that Americans are not, and refuse to assimilate into our country. There are many more horrifying things they are doing to our country too.

Please support ICE. We need their help to make our country safe again!

Thank you. Jennifer Sanchez
