NOW THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF BILLINGS, MONTANA:

SECTION 1:

That the public interest and convenience require, and it is deemed necessary, to create a Special Improvement Lighting Maintenance District for the purpose of installing new street lights and securing and providing energy and maintenance for new street lights for lighting in said district; and the intention of said City Council to create such a district, hereinafter more particularly described, is hereby declared.

SECTION 2:

The district boundary shall be as described in Exhibit "C" attached hereto.

SECTION 3:

That the City of Billings, Montana, hereby finds, determines and declares that each of the lots, blocks, pieces and parcels of land situated within the boundaries of the District, will be especially benefited and affected by said improvements, and that all of the property included within the District is hereby declared to be the property to be assessed, for the cost and expense of obtaining the electrical energy for and maintenance of said street lights.

SECTION 4:

That the general character of the improvements to be made for the District is hereby declared to be as follows: The provision of energy and maintenance for street lighting facilities consisting of seven (7) 250-watt high pressure sodium luminaries mounted at a height of 30 or 35 feet. All luminaries will be mounted on steel poles served by underground wiring. The City of Billings, Montana shall own said lighting units.

SECTION 5:

That the City of Billings intends to establish the approximate contract rate for supplying electrical energy as follows: \$4.81 per 250 watt unit, in accordance with the rate schedule LS-1 approved by the Montana Public Service Commission.
